## CORRESPONDENCE OF MRS. SNEED READ IN COURT

Letters to Husband's Victim Expected  
to Throw Light on Second Trag-  
edy in Recent Feud

Amarillo, Texas, Sept. 25.—Despite strenuous objections of the prosecution, the correspondence between Mrs. Lena Sneed and Al G. Boyce for two weeks immediately preceding the shooting were today admitted into evidence at the request of the defense.

W. H. Steele, of Dallas, told of the various places of residence of Mrs. Sneed, during Sneed's trial at Fort Worth and subsequently.

Lon Boyce, brother of Al G. Boyce with whose murderer John Neal Sneed is charged, was the first witness called in today's hearing of the habeas corpus proceedings. After identifying his brother's handwriting, the witness said he had written to Al G. Boyce in Fort Worth during July of this year under the names of "Johnson" and "Oldboy."

John Price, of Clayton, N. M., brother-in-law of Mrs. Sneed, testified to his receiving letters from Mrs. Sneed under her own and under other names after the trial of Sneed for killing the older Boyce at Fort Worth.

Mrs. Lena Sneed, whose elopement with Albert Boyce, Jr., started the Sneed-Boyce feud, is living on the Sneed ranch a few miles from Calvert, Texas. Sneed was with her until ten days ago when he went to Amarillo where he killed the younger Boyce.

MARRIED—Saturday, September 21, at 10 a. m. at the Methodist parsonage, the Rev. J. F. Hedgpeth officiating, Jacob D. Langston and Miss Cora Trotter, both of Norton, N. M. They will reside at Norton where the groom is a prosperous farmer.

Mrs. Earl George and little daughter left this morning to visit Mrs. Shaughnessy at Cuervo.

## YOU SHOULD OWN A SILO

## MARKET DAYS

It you are thinking of building a silo come in and let us agree with you. We have just purchased the old wool scouring mill here, a building that has been built for ten years and every stick of material in the building is bone dry. This material will not shrink any now, and is just what is wanted for a silo. If you are thinking of building a silo, why not now?

Silage makes the cheapest and best that can be purchased and you have the feed this year. Are you going to let it waste?

A good silo will save you so much money that you cannot afford to put it off any longer.

We will sell this at about half the cost of new material and the most of it is not damaged for ordinary use. Call and let us show it to you.

### THE MEN WHO SUCCEED

no heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's better folly for a man to endure a weak run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well!" Try them only 50c at the Elk Drug Store.

### RE RECORDING OF BRANDS

Important Notice to Cattle Men and Stock Owners

In consequence of the great number of brands now in use in the offices of the Cattle Sanitary Board, and now in actual use, the State Legislature has passed a law requiring all owners of recorded brands to record their brands within a period of six months, commencing on September 10th, 1912. A failure upon part of each holder of a recorded brand to record his brand at the time required by law will result in a fine of \$100.00 per day. Any person claiming to be the owner of a recorded brand, failing to record it, may be liable to a fine of \$100.00 per day.

To facilitate the work as much as possible, and to avoid the loss of brands, it is earnestly requested that all parties now having recorded brands, upon receipt of proper notices from this office, send in their brands with the least possible delay.
